

HOW TO: Install Tricerat Screwdriver Client

The following setups will walk you through installing the Tricerat Screwdriver client to print from Citrix. You must install this client on your workstation to print in the Data Management Concepts' Citrix environment. If you have previously installed Screwdrivers, please uninstall it completely before installing it again. This should ALWAYS be installed after the Citrix receiver is installed.

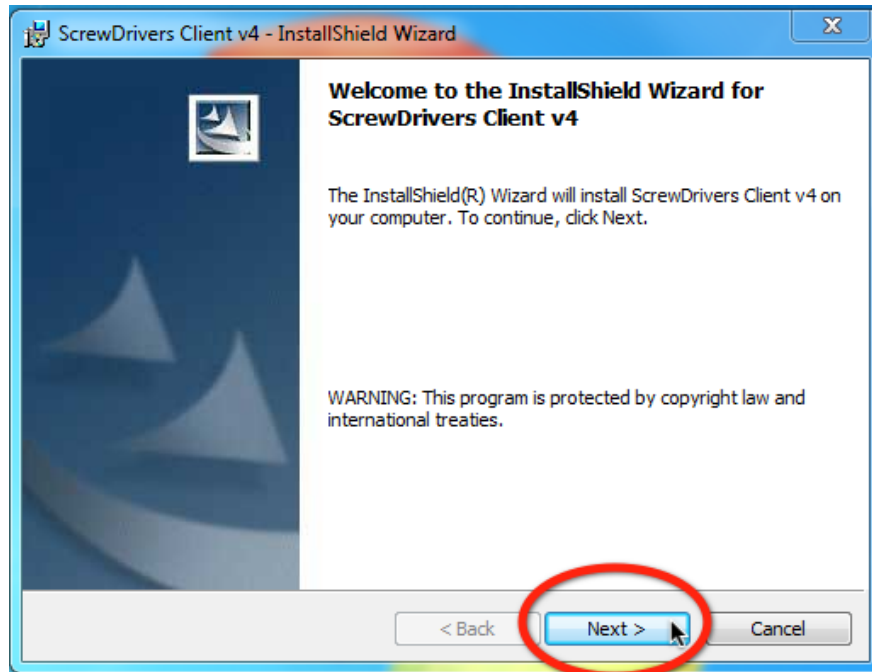

1. Open your web browser and go to our website (www.uwitic.org), click on the SUPPORT tab at the top, under the DOWNLOADS section click on the version of the software that corresponds to the computer you are using.

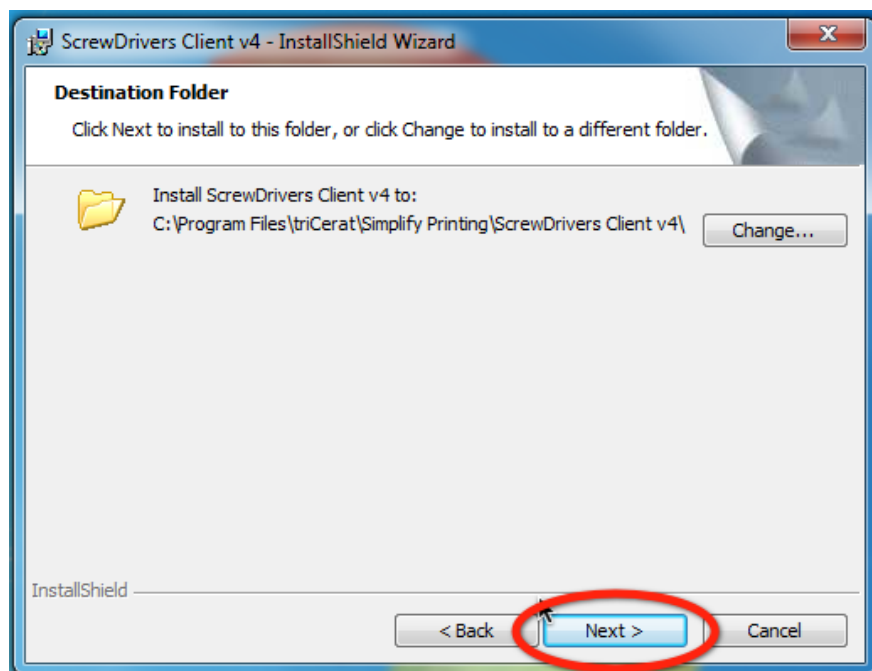

2. If you get a popup asking if you'd like to Run or Save, click RUN

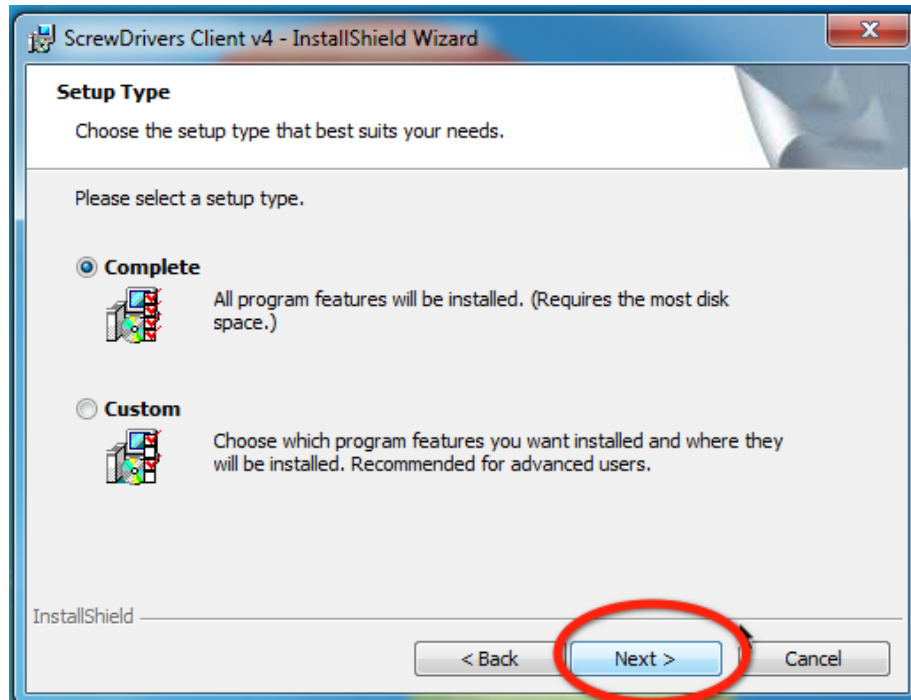

3. Click NEXT

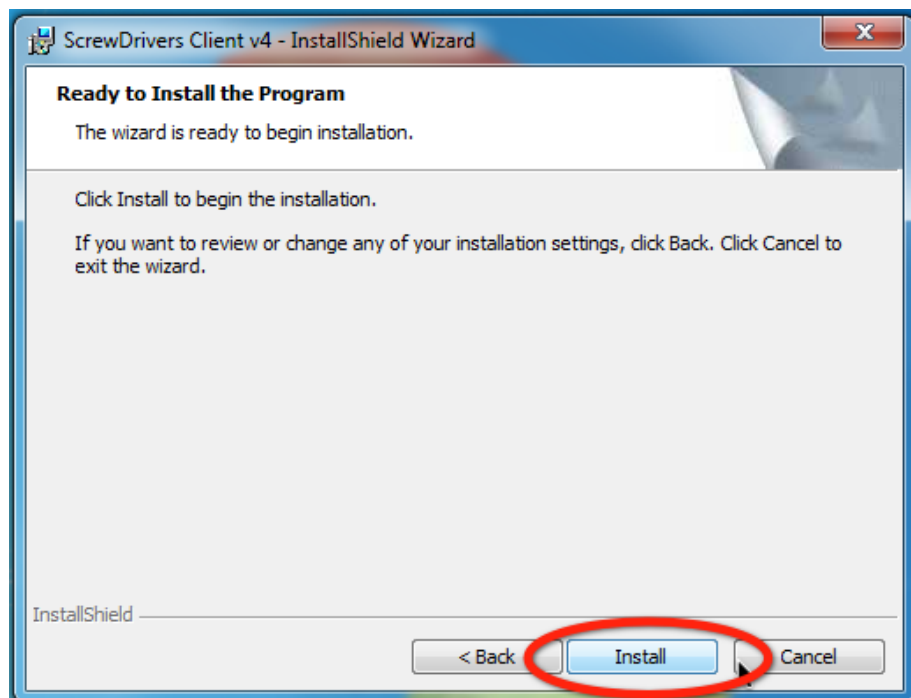

4. Click NEXT

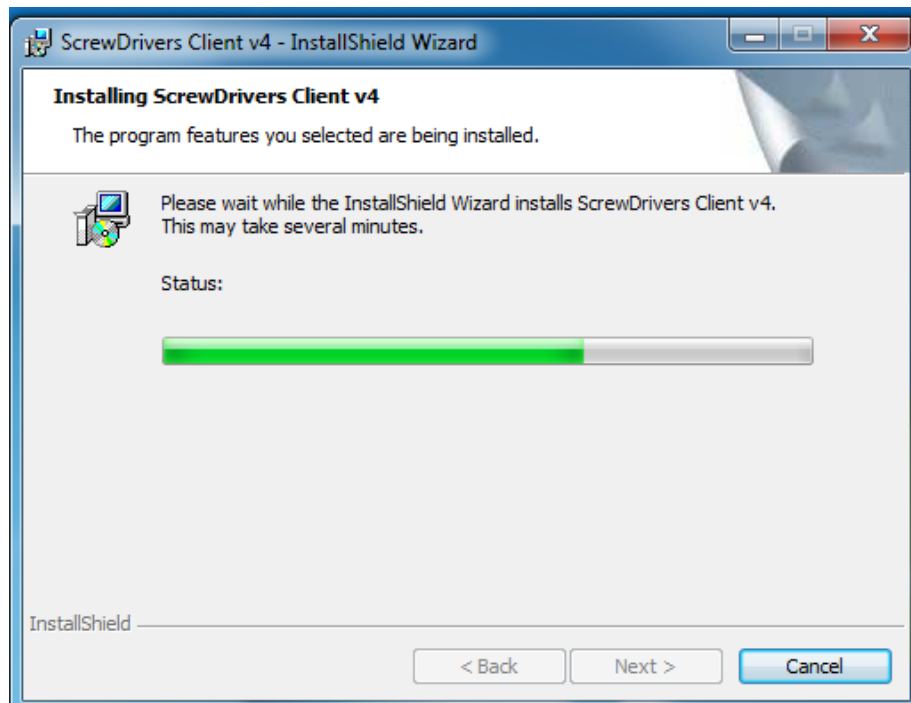

5. Make sure COMPLETE is selected and click NEXT

6. Click INSTALL

7. Wait for the installer to finish

8. Click FINISH
